

ProScape 6-1-11

Fertilizer with Iron

LebanonTurf's 6-1-11 with Iron combines the brilliant color from MESA with the stress relief of SOP and an iron source for minimal growth and an organic biosolid. Ideal for use any time of the growing year, this new formulation gives off very little dust in a convenient 5 lb. spread rate.

GUARANTEED ANALYSIS

Total Nitrogen (N)	6%
1.5% Ammonium Nitrogen	
2.3% Water Insoluble Nitrogen	
0.2% Urea Nitrogen	
2.0% Other Water Soluble Nitrogen	
Available Phosphate (P₂O₅)	1%
Soluble Potash (K₂O)	11%
Sulfur (S)	5.6%
5.6% Combined Sulfur (S)	
Iron (Fe)	7.0%
4.2% Water Soluble Iron (Fe)	
Chlorine (Cl) not more than	2.0%

Derived from: Activated Sewage Sludge, Ammonium Sulfate, Urea, Methylene Ureas, Sulfate of Potash, Ferrous Sulfate, Ferric Oxide, Iron Humate, Iron Lignosulfonate, Iron EDTA

Notice: This product contains the secondary nutrient Iron which may stain concrete surfaces. To avoid discoloration, do not apply on dry or water dampened concrete and remove from these areas promptly after application by sweeping or blowing. Do not wash off with water.

Uses & Features:

LebanonTurf's 6-1-11 with Iron combines MESA and Sulfate of Potash with an organic base and an iron source ideal for residential and commercial lawns as well as athletic fields and golf courses. We started with the brilliant color of MESA and added an organic base of "Exceptional Quality" Class A granular biosolid fertilizer with a low salt content to encourage beneficial soil microbial activity. SOP is added to help turf provide disease resistance and vigor. Finally, we've added an iron source with important agronomic qualities. First, the humate action in the iron source helps promote additional microbial activity and improves the exchanges of beneficial minerals in the soil. Secondly, the sulfates and chelate provide immediate soluble iron to the plant for color. Thirdly, the fine oxide is helpful for adding long-term source of Iron for longevity.

Specifications:

Product Number: 21-54281
Packaged: 50 LB. Bag, 48 bags/pallet

Rates & Spreader Settings:

Lbs K/M	Lbs per 1,000	Lbs Required for One Acre	Acres Per One Ton	Sq.Ft. Covered Per Bag	Product Required for 25 Acres
.55	5	217.8	9.18	10,000	109 bags
.825	7.5	326.7	6.12	6,600	163 bags

Suggested Spreader	Rates in Lbs/1,000 Sq. Ft.
	5
ProScape® SS/PrizeLAWN® BF-1/SS/CBR III	N
